

Heavy duty mill - granulator GH 400/900

MLÝN 400/900
MĚŘÍTKO 1:20

TERIER 6/04/2005

Features:

- ideal for grinding cables, electric/electronic straps, aluminium, waste with steel.
- good for recycling lines
- robust construction
- prismatic knives - 4 blades
- easy cleaning when changing material
- optimum granulate quality

Technical parameters:

- rotor diameter 400 [mm]
- rotor length 900 [mm]
- motor 55,75 [kW]
- weight 3 [t]
- throughput 400 - 1200 [kg/h]
- input hopper 400 x 900 [mm]
- rotor knives 6 x 4
- stator knives 3 x 2
